WHO WE ARE

Dronector Academy, is a KCAA accredited Unmanned Aircraft Systems Training Organization (UTO) that offers holistic training for Unmanned Aerial System operators in both Multirotor and Fixed Wing categories, RPA Certificate for Category A operations (Hobby Certificate), RPA Observer Certificate, Extended Visual Line Of Sight (EVLOS) Rating, Beyond Visual Line Of Sight (BVLOS) rating, Drone Racing or First Person View (FPV) Flying and Drone Building Course.

RPL COURSE

Our RPL Course is designed for a candidate who does not hold a prior Manned Aviation License. The course caters for candidates who are novices as well as candidates who are experienced "drone" flyers.

Candidates wishing to attend the course include:

- Be at least 18 years of age.
- Hold a valid Class 3 medical certificate
- Hold an English Language Proficiency certificate.

Our RPL courses are categorised into:

1. REMOTE PILOT LICENSE - MULTI-ROTOR CATEGORY
2. REMOTE PILOT LICENSE - FIXED WING CATEGORY
3. REMOTE PILOTED AIRCRAFT OBSERVER CERTIFICATE
4. INSTRUCTOR'S RATING
5. EVLOS/BVLOS RATING

Other Specialised Courses:

1. First Person View (FPV) racing training
2. Drone Building & Assembly course
3. Aerial Photography and Videography
4. Aerial Mapping & Survey
5. RPA Certificate (Hobby license)
6. STEM Program

STEM LEARNING

With drones making their way into everyday life, it's becoming clear that they are a remarkable tool for teaching STEM skills to the youth as early as they have the capability to pick up on this rapidly progressive technological industry.

STEM Learning program is divided into 5 sub-products:

- RPA Certificate - flight training for hobby use
- Drone Programming - autonomous flights through coding
- Drone Assembly - building and modification of drones
- Drone swarm programming
- Drone Soccer

WANT TO PARTNER?

Dronector Ltd prides itself in making meaningful connections in the Commercial sector by providing aerial solutions that have proven rather effective and cost efficient. We undertake Corporate Social Responsibility drives every year to support the community around us. We believe in making a difference.

Don't hesitate to reach out to us!

OUR SERVICES

OFFICIAL RESELLER/DISTRIBUTOR

At Dronector Ltd, we take pride in being your trusted partner for all things drone-related. As a KCAA official Reseller and Distributor, we bring you cutting-edge Unmanned Aircraft Systems (UAS) with unparalleled expertise and seamless service.

Why Choose Us?

1. Certified Excellence:

- When you choose us, you're choosing a partner with the official stamp of approval from KCAA.

2. Wide Selection:

- Explore our curated collection of drones, ranging from recreational quadcopters to professional-grade UASs.

3. Expert Guidance:

- Our knowledgeable team is here to guide you through the selection process. We understand the nuances of each model, ensuring you make an informed choice.

4. Seamless Purchasing:

- Buying a drone through us is hassle-free. We handle all the intricacies, from importation to delivery. Your experience matters, and we make sure it's smooth from start to finish.

REMOTE AIRCRAFT OPERATOR CERTIFICATE (ROC) SUPPORT

We understand the complexities involved in conducting commercial drone operations. That's why we offer specialized Remote Aircraft Operator Certificate (ROC) support to streamline the process for our clients. We assist you in :

- Handling the entire process of applying for permits and approvals.
- With our support, you can expect expedited processing times for these permits.
